August - 2003

Sub: New addition to our Family

We are glad to announce a new addition to our family, **Magna Ditech India Private Limited (MagnaD)**, the new entity is set up to provide CAD services to clients overseas and was inaugurated on July 14th, 2003 and is ready for operation. The main objectives of MagnaD is to provide True Fidelity, Cost Effective and Technically Savvy Engineering Services in a timely manner to our clients, along with the assurance of respecting and protecting proprietary information.

MagnaD as an offspring of **Magna Electro Castings Limited (MagnaE)** is leveraging the experience of MagnaE in the development of mechanical products from legacy drawings to AutoCAD 2D formats to 3D Solid Models to Tooling and final machined products using various software packages like Solidedge, Solidworks, ProE, Unigraphics etc. Todate, we have experience in building over 1500 solid models from legacy drawings and over 5000 drawings converted / generated to CAD formats. In addition we have experience in the simulation of over 500 components for the manufacture of high integrity castings.

MagnaD, is registered under the Software Technology Parks of India (STPI) association, which enables it to get priority in Communication Lines, ease of Imports / Exports, Training and other operational conveniences. Our facilities in Coimbatore include a design center of 6000 sq. ft of built up space in the heart of Coimbatore. At present we have a capacity for 70 seats, on a three shift basis.

MagnaD, has the following CAD packages available for the Engineering Design Services, ProE Wildfire, AutoCAD Mechanical 6, AutoCAD 2004, AutoCAD Lite, Unigraphics NX1 (Unigraphics & Ideas combination), Solid Edge Ver 14, Solidworks 2001, Autocast and Softcast (Casting Simulation Packages). In addition we also have access to packages like Catia, Cimmatron and ANSYS.

MagnaD, can provide the following services to its clients based on its capabilities and experience.

- 1. Legacy Conversion to 2D drawings.**
- 2. Developing 3D models.**
- 3. Assembly Drawings / Bill of Materials.**
- 4. Technical Manuals**
- 5. Conversion from Fabrication to Castings.**
- 6. Simulation.**
- 7. CAD Switch**

We request you to visit MagnaD's website at www.magnadigitechindia.com, to get a detailed picture of the various services provided, technical capabilities, customer interact and the model gallery.

We are confident that this valuable and exciting service to our customers, will enable them to leverage our expertise and provide them an economical platform to to bring down the Time - to - Market for their new projects and also lower their product development costs. Further, they can complete their long pending projects for legacy data migration and other housekeeping in their documentation matters.

MagnaD, with the same philosophy and integrity of MagnaE will be a reliable partner in protecting and respecting the intellectual property rights and will provide an immensely beneficial service to its clients.
