[News Letter No: 44](#)

[September - 2005](#)

[Sub: Third Edition of Website \(\[www.magnacast.com\]\(http://www.magnacast.com\)\)](#).

Magna is happy to announce the release of third edition of its website www.magnacast.com effective from 15th September 2005.

The newly built website has the updated information including the improvements made in the last 3 years in its [Facilities](#), [Technical capabilities](#), [Quality systems](#) and [History](#).

The process capability data on [chemical composition](#) and [mechanical properties](#) are also updated till 2004.

This new website also has the following additional sections:

1. **Specialities** : This sections gives the information about the unique products and services provided to its customers.
2. **Green Foundry** : This sections details about the Magna's commitment to preserve the environment by green energy, preservation of natural resources and prevention of pollution.
3. **People** : This section has the information about the human resource development activities at Magna.
4. **Financial Results** : Quarterly / Half yearly / Annual financial results are published here.

The new website also has the recent news and events at Magna and features for posting the resume of the potential employees.

This update in our website will help the customers to have a virtual tour of Magna from their place.
